United For Better Tomorrow

SKS Group of Institutions

SKS Group of Institutions is an acclaimed name in the education field of central India with the firm determination of imparting quality education to build careers in various vocational fields.

SKS Group of Institutions has been serving the society since 2007 by conducting engineering, management, medical & IT educational Institutes and schools providing educational solutions from KG to PG.

Shiv Kumar Singh Institute of Technology & Science is approved by AICTE New Delhi, Affiliated to RGPV Bhopal & recognized by DAVV Indore, recognized by DTE Govt. of MP & an ISO 9001:2008 certified Institute.

The Founder of Group Mrs. Chanda Singh Sisodia, Ex. Chair person MP State Social Welfare Board (Cabinet Minister Rank), has more than thirty years of rich experience in the field of education, & under the dynamic leadership of Managing Director Mr. Sharad Singh Sisodia and Director Mr. Manish Singh Gehlot, the Institutes are creating a brighter future for students.

The Group Director Dr. G.D. Gidwani has forty seven years rich experience of industry & education and is a motivating & guiding force of this group, The department of management is lead by Dr. Umesh Mandloi.

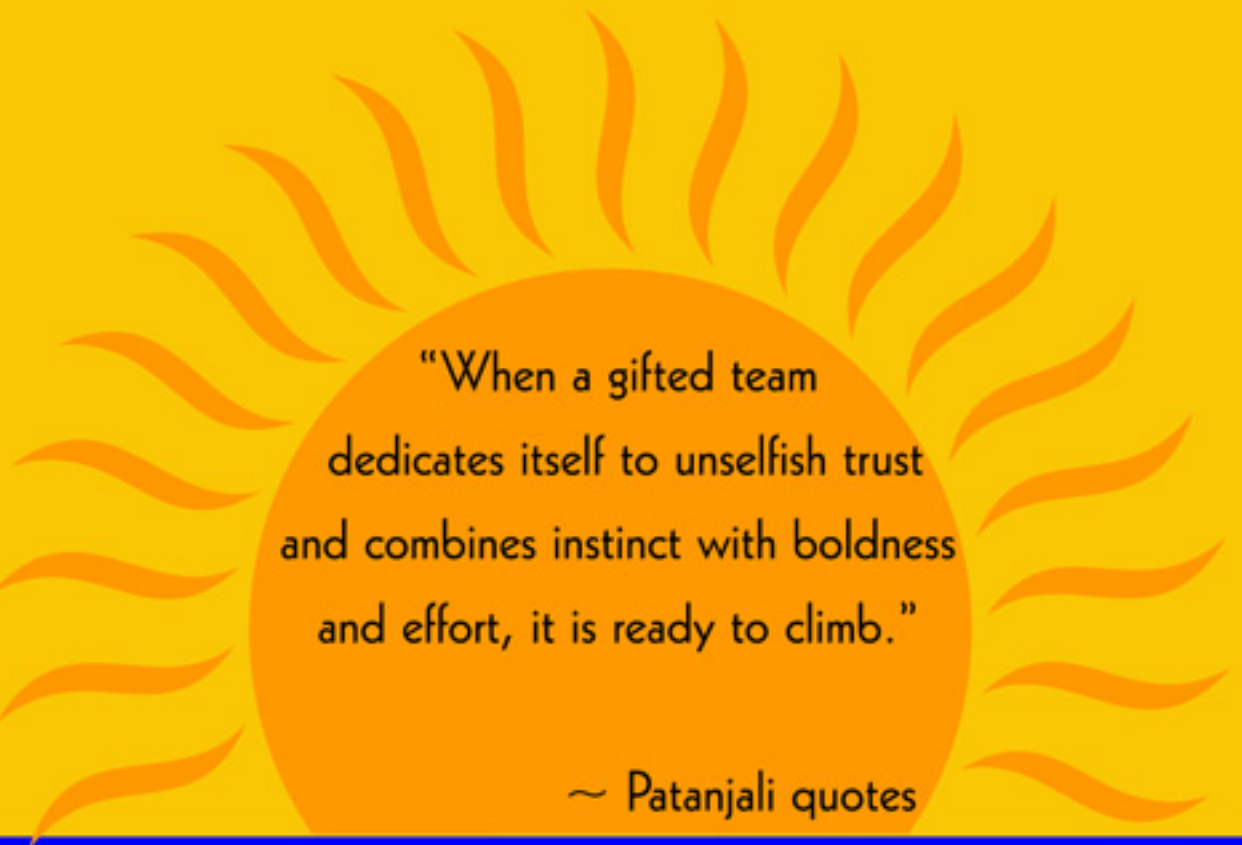

Presently, the Group is having thirty Acres of land, world class infrastructure & facilities for quality technical, management and school education.

By taking ahead the legacy, group started Indore's first world class school in the reach of a middle class family. The School and Institute are ideally situated near IIM, Indore on the way of Rau-Pithampur By-pass road.

Message From Chairperson

*W*ell nurtured childhood & ideal schooling construct a solid foundation for successful career, SKS International School nourishes childhood by holistic education, world class infrastructure, contemporary amenities, global awareness & disciplined guidance so that children can achieve "Freedom of Success" instead of "Dependence on Success".

In today's cut-throat competitive age, parents are always in search of 'A world class School' in their budget, which imparts fertile environment & fruitful education to build a bright future of their child.

Usually parents find either academic education oriented schools or conventional schools. Some Schools do exist with good education and essential amenities but due to high fees structure they have always been unreachable.

Whenever I use to think about school education, I always felt a big need of a complete school in Indore with high standard infrastructure which comprises innovative academic education & all ultra-modern amenities.

I am proud that my dream has taken shape today in the form of SKS International School, the place to explore various and advanced facets of education, where every student gets right environment, proper guidance, moral support and a direction towards the goal of life.

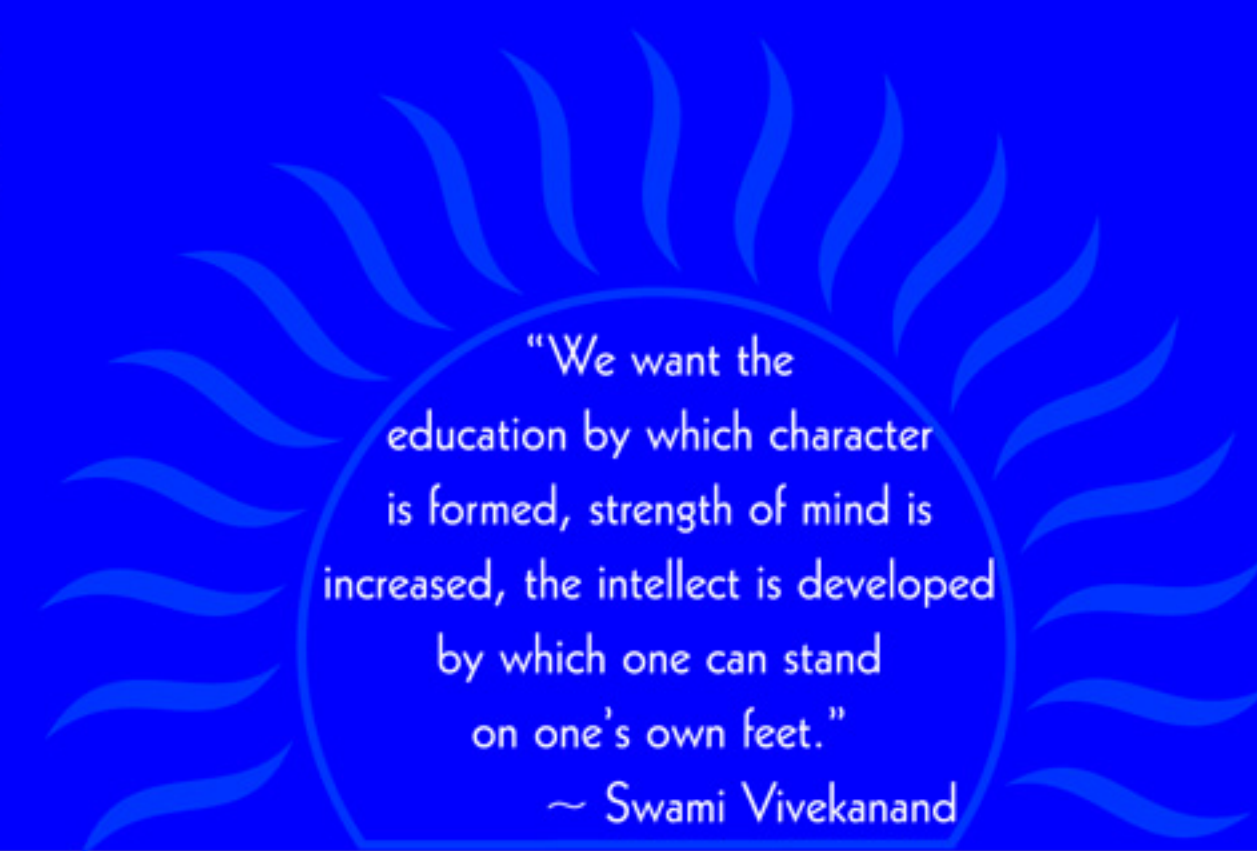

SKS International School is determined to provide complete education to students for enabling them to harness challenges of globalized world & be the winners at each front of career and life.

With all good wishes.

*Smt. Chanda Sisodia
(Ex Chairperson)*

*M.P. State Social Welfare Board
(Cabinet Minister Rank)*

Message From Managing Director

Ever since the origin of the school, our moto has been not to teach conventionally but educate the students to recognize & explore their inherent qualities and strengths.

Today's dynamic and globalized world does not compromise with mediocrity in any sphere, so education certainly requires extra attention.

By keeping this fact in mind we have prepared a programme for holistic education which encapsulates the academic studies, personality development, goal setting, physical fitness, co-curricular activities and all amenities required for a bright student in the present scenario.

I believe, right from the sprouting of seed till blooming of plant is a crucial period which decides the destiny and the life of a tree.

Similarly school is the place where germination and plant growth take place for life tree of a child.

So at the time of schooling every right approach influences & strengthens most the personality and whole life of a student.

We ascertain to educate students to be masters in all perspectives of life such as-successful career, cultural life, social life & family life.

With all good wishes.

Sharad Singh Sisodia
Managing Director
(SKS Group of Institutions)

"Purity of personal
life is the one indispensable
condition for building up a sound
education."

~ Mahatma Gandhi

Message From Director

I believe, a teacher is visible in students' good deeds, speaks through students' success and walk through students' steps on right path is a teacher indeed.

SKS International School had conducted a vast search movement across the country and got success in having ideal mentors with phenomenal qualification, inherent teaching ability & responsibility of caring, nurturing and loving the children as their second parents.

We take teaching as our passion rather than profession, that is why we organize training and orientation programmes on several subjects & topics with renowned experts of various fields & subjects for teachers to keep them one step ahead of the world.

Formative years of child's life are very crucial. Teaching at this age remains as object of life, that is why, we are determined to create ideal characters in our students for better tomorrow.

By keeping this truth on priority we educate them not just to maintain a living standard according to trends but to flourish & acquire a livelihood so that they could contribute in formation of a great career, a happy family, sophisticated society and a glorious nation.

All the best...

Smt. Reena Singh
Director
(SKS International School)

"The direction in which
education starts a man
will determine his future in life."

~ Plato

Dreams & Determination Of Great Future

Mission

*I*mparting quality education, world class infrastructure, ultra-modern amenities & healthy environment to build concrete foundation for success on each front of life, to create leaders by comprehensive development in persona of students, to broaden the horizon of their imagination & knowledge to meet challenges of contemporary globalized world.

Vision

*T*o be most efficient school by transforming students in to the masters of life, by deep analysis & exploring new ideas to make them conscientious human beings to contribute in the progress of their family, country and of course the whole world. We have dreamt of great future & very sincerely will create the makers of it.

Making Field For Adaption

Pre-Primary School

We know the mind of a child is like a rich soil and at this stage our goal is to make it more fertile so that it can grow seeds of knowledge.

The curriculum is to create smooth transitions by setting up an in-between activity. Such as a clean-up song, a pattern of hand claps or verbal cues & many musical learning techniques.

We create a language rich environment by labeling classroom items and read to the children throughout the day. Maintaining a dramatic play area that encourages a world of imaginative fun. Include a play kitchen or dress-up clothes.

The school teachers supervise the children at all times. There is never a time during the school time when a responsible adult is not present. By these unique techniques we support the children's learning with nurturing guidance.

the message that God is not
yet discouraged of man."

~ Rabindranath Tagore

Sowing Seeds Of Learning

Primary School

Our teaching experts are very well aware of importance of this age of children when they start to imagine, observe and concentrate.

The curriculum of primary school is well designed to enable, energize and enhance childhood by fostering growth of mind, body and spirit. We help students to become life long learners.

Our approach is to nurture young minds in a culturally sound environment & provide opportunities that will help them realize their true potential and impart them healthy & positive atmosphere to help them flourish for a phenomenal success in each phase of life.

You are the bows
from which your children as
living arrows are sent forth.

~ Khalil Gibran

Weeding And Watering The Roots

Middle School

*S*KS International school has researched thoroughly the psyche of a child in the different stages of schooling.

According to the fact middle school is the period of time when a child's understanding & grasping power of brain take advanced steps. A child starts making interpretations on various things from curriculum & out of the curriculum.

At this point of time we are careful and sincere to quench the thirst of knowledge, clear each doubt and rectify every false impression of any thing.

Our approach is to enable them by proper analysis and right reasoning & the phenomenal curriculum strengthens them to achieve successful career & life.

"Adolescence is a new birth, for the higher and more completely human traits are now born."

~ G. Stanley Hall

Direction For Rich Harvest

Higher Secondary School

Our education becomes more practical & result oriented in these standards.

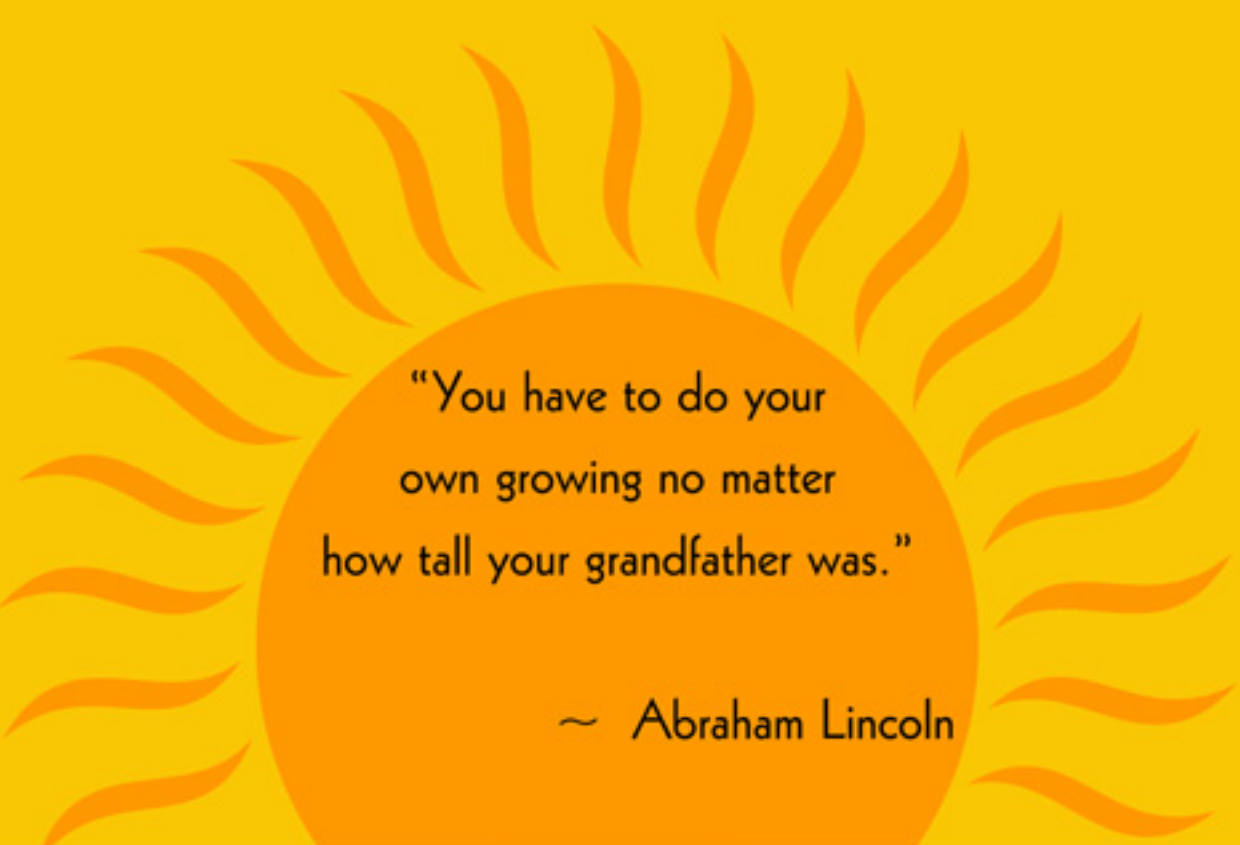

Along with comprehensive education, ultra-modern amenities, all contemporary sports, rich cultural & co-curricular activities, we ascertain to make them recognize their strengths and real interests.

They learn to develop these qualities to zenith so that they could be the masters of their skills for bright future & successful life ahead.

This is the time when they step in to a new phase of life, where they have to learn to harness their potential and meet the challenges of personal identity in life.

Our goal is to make them honest, disciplined, responsible and sincere, to choose and pursue appropriate higher studies for a career they love to be in.

At this stage students will be confident enough to choose desired career oriented education, whether it is Management, Engineering, IT, Medical, Arts, Politics etc. so that success itself would reach them.

INDORE (M.P.)

(Affiliated to CBSE # 1030514)

Smart Class Methodology

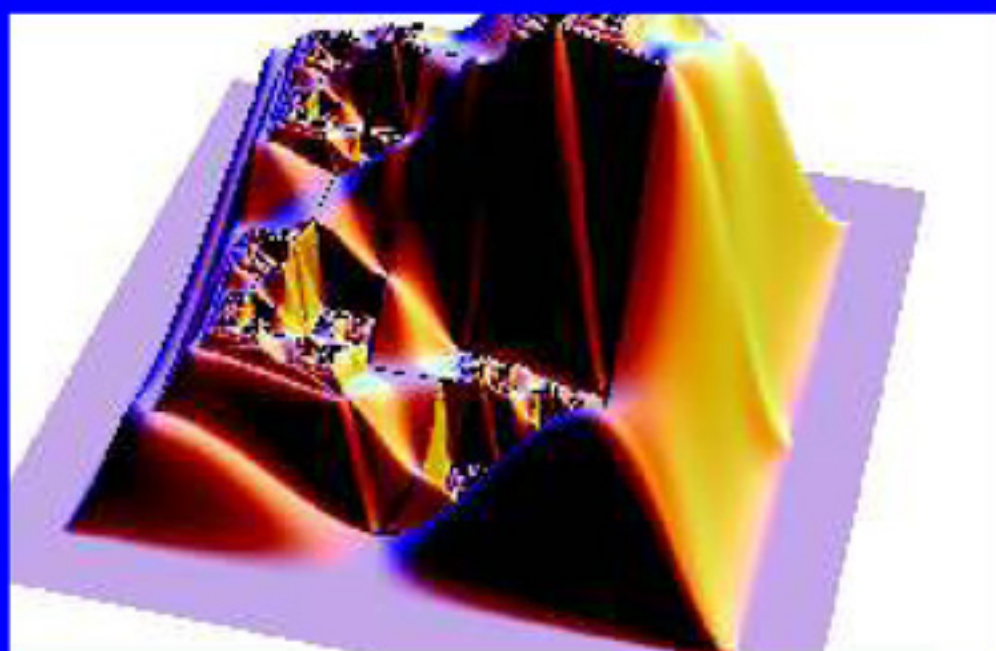

Over the last few decades, everything has changed in our lives with the all pervasive intervention of technology. However classrooms have remained untouched by technology. The classrooms that our grandparents went to are exactly the kind of classrooms our children study in. Chalk and blackboard, a packed classroom, text books, regimented curriculum, a teacher painstakingly explaining abstract concepts with the limited tools at her disposal.

S.K.S. International School brings about a complete transformation in classrooms in the form of smart class. Such as- the Science teacher while explaining how a DNA replicates is able to show the class a 3D animation of the DNA replication process on a large screen. It can explain the fine points of the process, zoom in to show the relevant visuals freeze and annotate when and where to emphasize.

Similarly the History teacher shows the class a virtual walk through of the Harappa Civilization. Uncovering the relevant parts step by step as a part of her lesson plan, while the Geography teacher shows a virtual Block mountain being formed...all with engaging animations, colors, music, sounds and voice.

By this unique teaching methodology teachers gain complete attention and interest of every child in the class. Every child gets a visual input on how it happens and the concepts are well understood and internalized.

Unique attendance procedure

As all parents want extra care & security for apple of their eyes and we respect their emotions that is why an auto generated sms is sent on parents' phone after swapping an electronic identity card by each students before entering the class.

"You know, nothing is more important than education, because nowhere are our stakes higher; our future depends on the quality of education of our children today."

~ Arnold Schwarzenegger

A Place To Nurture Your Child's Talent

SKS International School aims not only at providing world class education to children, but also giving them a platform for various activities for their overall development.

Environment

Giving a healthy and positive atmosphere to the students has been our motive. That is why we established a school away from the traffic, noise, pollution and crowd but in the proximity of city with peaceful lush green surroundings. Here we created such environment in which they grow the seeds of values, culture and integrity in their character.

Kids' Play Zone

Kids' play zone is a place, which allows the pre- primary kids to get a feel of freedom to enjoy the luxury of having fun and doing everything what their heart says in careful supervision of sports teacher.

Swimming Pool

Water is the first love of every kid when it comes to enjoyment. They will play, enjoy and feel fresh coming out of the swimming pool, children have opportunity for vigorous exercise while learning swimming in the guidance of careful instructor and life guards, which help the child to grow and stay fit.

"Be careful the environment
you choose for it will shape you,
be careful the friends you choose
for you will become like them."

~ W. Clement Stone

A Place To Nurture Your Child's Talent

SKS
INTERNATIONAL SCHOOL
INDORE (M.P.)

Sports

Sport is one of the best ways to imbibe leadership qualities, confidence, team spirit, commitment, strategy and fair play.

A true sportsman knows the real zeal and passion in life. He develops an attitude to take up all the events in life sportingly with a never-say-die attitude. The will power of the child gets rock strong.

SKS international School provides all types of sports-indoor as well as outdoor. Such as: Chess, Table-Tennis, Cricket, Football, Baseball, Volleyball, Hockey, Marshal-Arts, Rugby etc.

Excellent infrastructure provides well maintained courts and grounds for children. Excellent trainers monitor their games and assure full development of the child.

Cultural & Co-curricular Activities

A perfect blend of human values, knowledge, belief, behavior, traditions attire & art in a particular group of people define their culture, and our approach is to develop an understanding in children to respect different cultures & amalgamate with others coming from varied cultures and background.

We at SKS International School organize many cultural and co-curricular events and by these activities like dancing, singing, artwork, writing, poetry, drama, etc. We sharpen creative skills of students and give exposure to hidden talents.

"I don't know anything
that builds the will to win better
than competitive sports."

~ Richard M. Nixon

A Place To Nurture Your Child's Talent

Library

As roman philosopher & writer Cicero said "To add a library to a house is to give that house a soul".

We at SKS International School better understand what an important role a library plays in the school, we have an airy, spacious library hall with peaceful ambience and above all mammoth range of priceless books which covers every subjects.

Laboratory

The laboratory has a central and distinctive role in science education & that is why we at SKS International School, shape-up an ultra-modern science lab, with all advanced equipments and facilities to construct an explicit understanding of science concepts, and apply these concepts to the world around them.

Transport

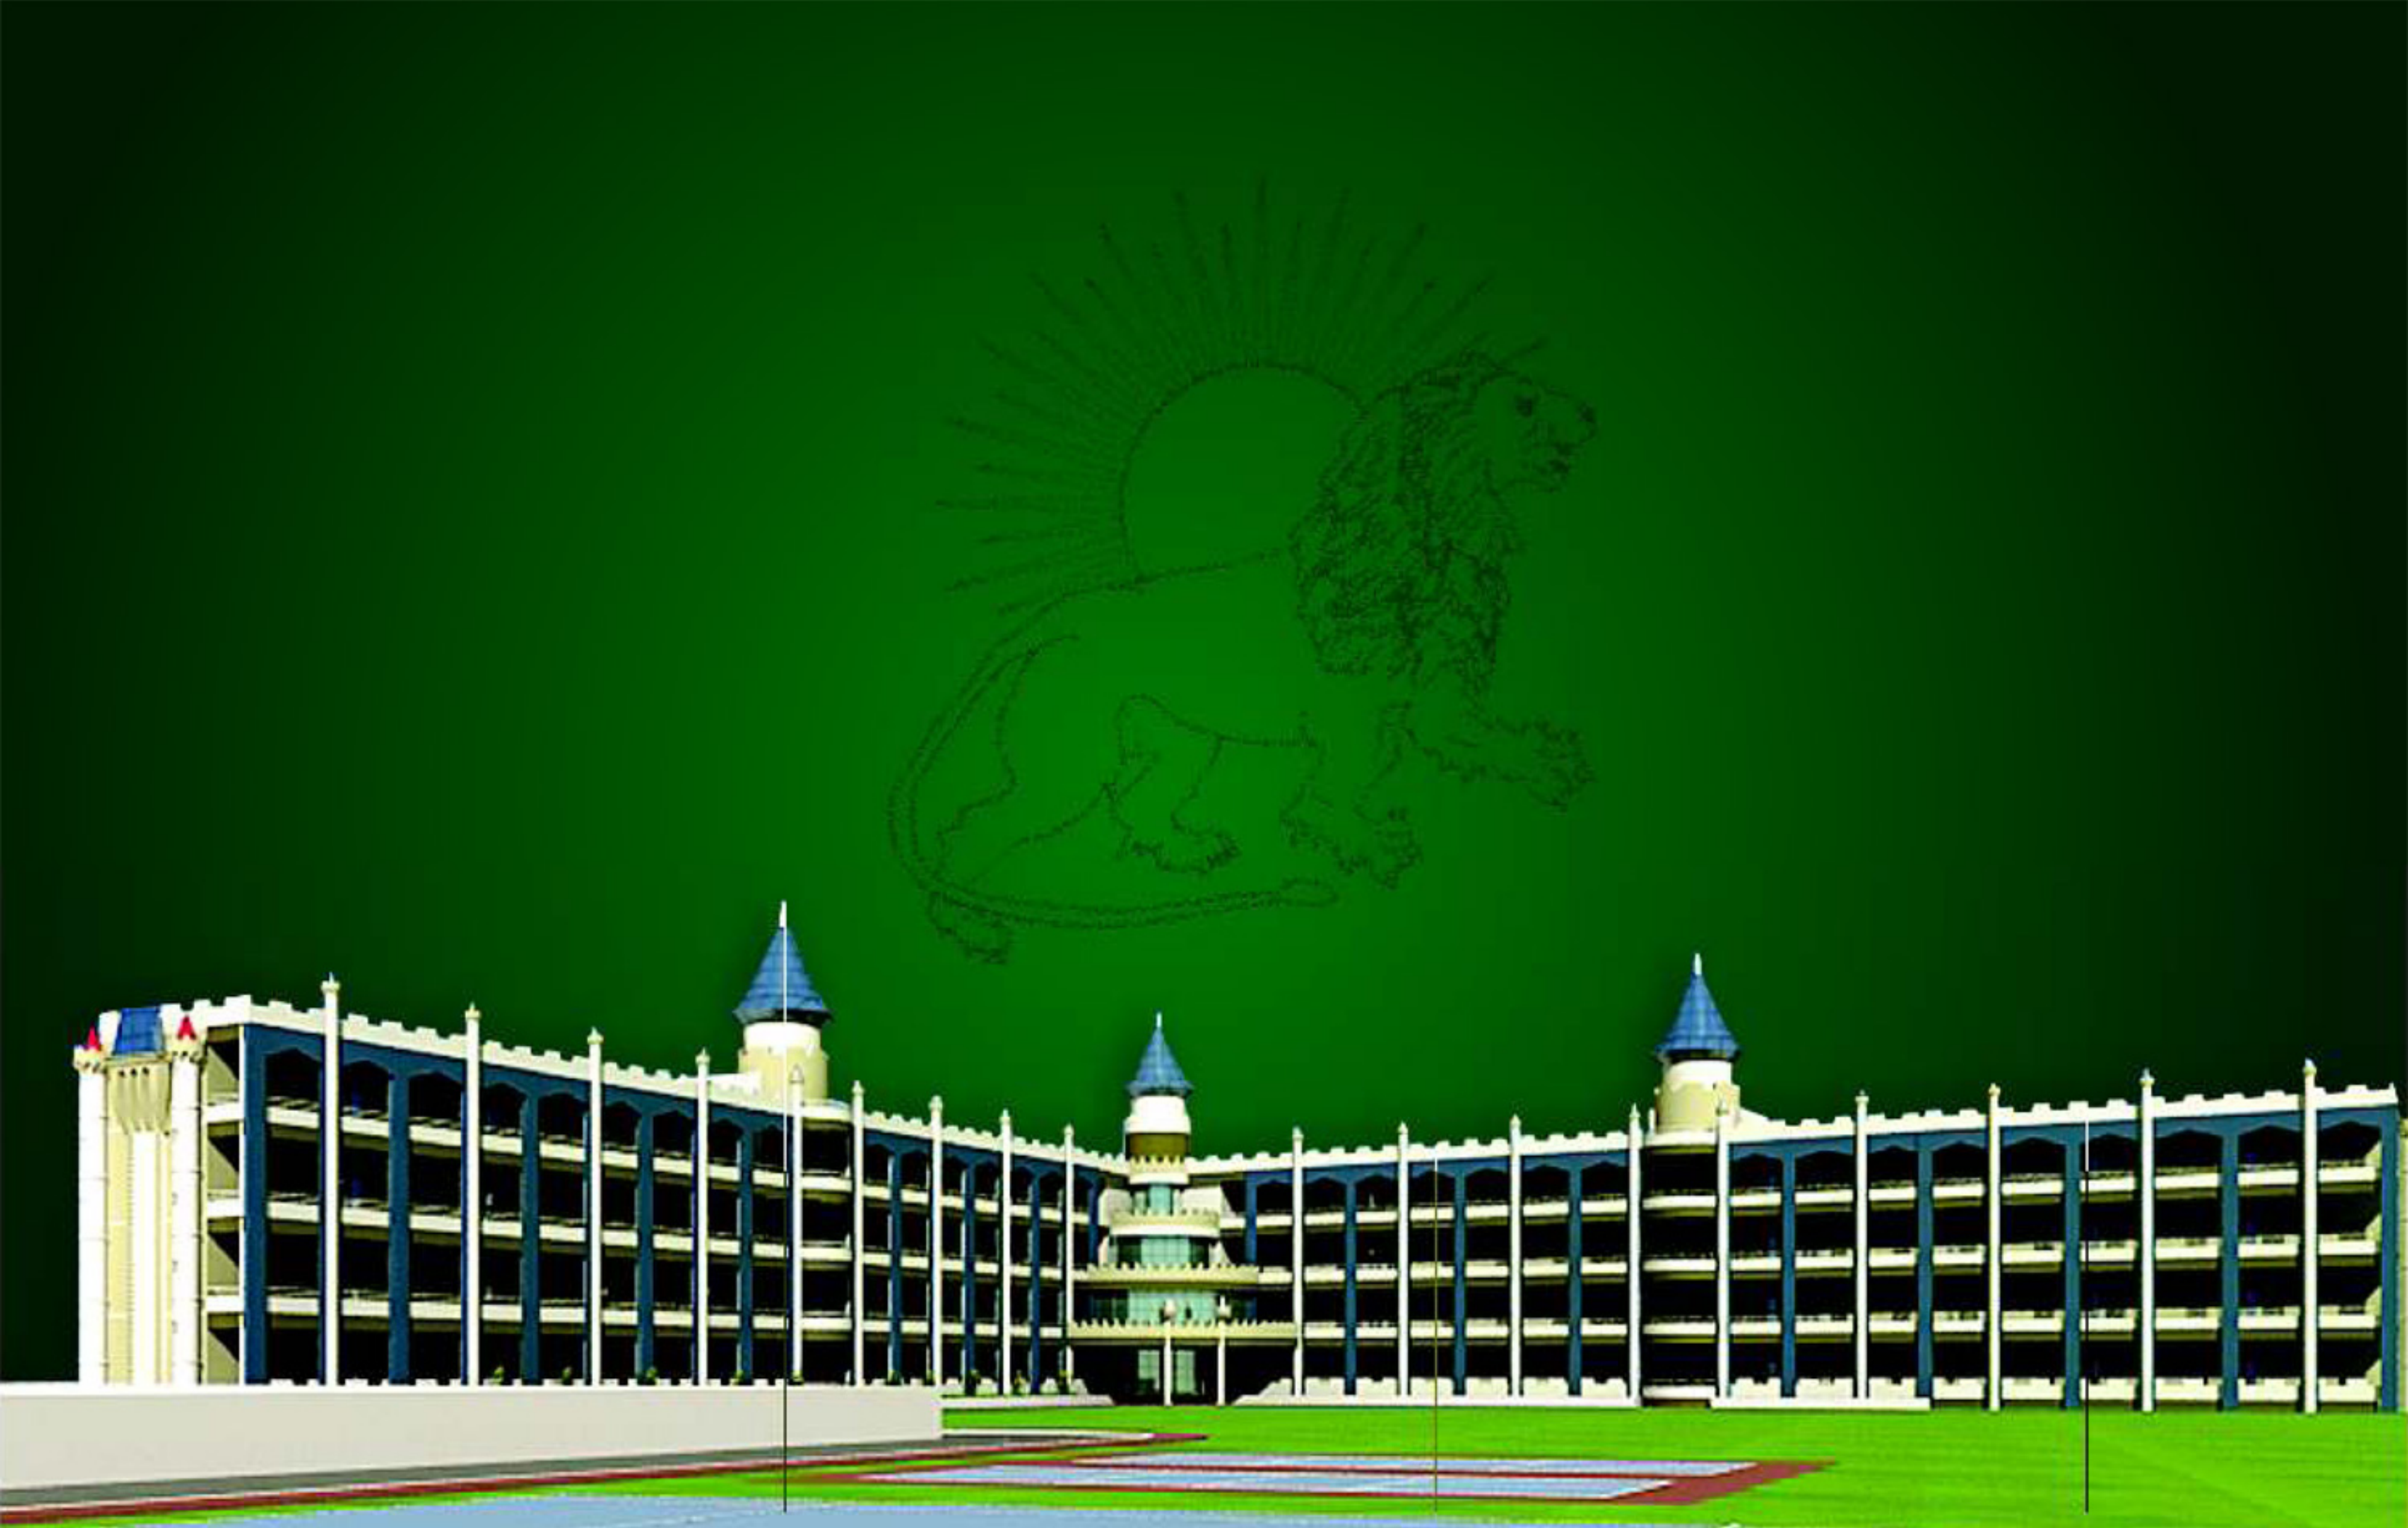

We take the responsibility on our shoulders once the child steps out from home, in that thread we have a large cluster of luxury buses for different routes which covers the whole city.

We have well trained drivers & watch-personnel to supervise seating arrangements & security of children as well as all safety guidelines are followed while driving.

"All that we are is the
 result of what we have thought.
 If a man speaks or acts with a
 pure thought,
 happiness follows him."

~ Buddha
